***Costs associated with damage to equipment or facilities will be charged accordingly.***

<sup>1</sup> Rooms identified with “+ chairs” identify the # of chairs around the table and the number of available chairs against the wall of the conference room

<sup>2</sup> Rate includes technology replacement fee

<sup>3</sup> Cost does not include defensive tactics equipment

<sup>4</sup> Any training exercise requiring the use of instructors and/or safety officers will be invoiced at *actual overtime rates*. All live burn evolutions require approved safety officers and prop technicians. Any partnering agency utilizing the GRPSTC for training events must provide the number of mandatory safety officers as determined by the training event complexity. If a partnering agency cannot provide the required number of qualified safety officers they may utilize GRPSTC personnel at the expense detailed above.

<sup>5</sup> Permit required for confined space entries

<sup>6</sup> Rates for Vent Prop, Flashover Chamber and Foam Prop do not include the wood package or cars to be burned.

<sup>7</sup> Rates for Natural Gas & Propane Props do not include the price of propane and gas.

<sup>8</sup> Rates include target backers for the turning target-system; however targets and ammunition are the responsibility of the non-partnering agency.

<sup>9</sup> When participating in training that is already a GRPSTC scheduled Drivers Training Class.

<sup>10</sup> Vehicles inspected (acceptable by the GRPSTC designee) vehicles will be supplied by the participant's agency.

<sup>11</sup> Props specific to fire and police training will be evaluated and approved for non-partnering use on a case by case basis.

<sup>12</sup> Per Capita costs apply if police training has already been planned and scheduled. Examples: Advanced Officer Training or Patrol Training
